

# Online LIVE Event **FAQ'S**

THE STAMPS OF LIFE IS DEDICATED TO BRINGING YOU THE VERY BEST QUALITY PRODUCTS. CLASSES ARE VALUED THE SAME... WE WANT YOU TO HAVE THE VERY BEST EXPERIENCE PAIRED WITH THE BEST PRODUCTS! BELOW ARE A FEW FAQ'S. WE HOPE YOU FIND WHAT YOU ARE LOOKING FOR HERE AND IF NOT PLEASE EMAIL US AT [INFO@THESTAMPSOFLIFE.COM](mailto:INFO@THESTAMPSOFLIFE.COM)

**I'm working that day or have other plans during that time?**

**No Problem!** The class will be recorded and you can watch it any time that is good for you. You'll still be included in all the drawings, see the sneak peeks and can work on projects along with Stephanie! The only aspect you'll miss out on is the opportunity to interact live and ask questions. If you watch LIVE you will also be able to re-watch at your convenience.

**What is the value of the Class?**

The class is a combination of the LIVE online event and the class kit you will receive. The product value of the kit is over \$64 and includes an extra large 8"x6" stamp set (bigger than we've ever done before but it fits in our medium storage envelope), The matching die set includes 18 dies. There are additional products included in the kit to use when making your cards in class.

**How long will the class last?**

The LIVE event will be about 2.5 hours. Because it is LIVE we are not setting an official end time so we have all the time we need to spend with you!

**There is a long supply list; I don't have all that stuff?**

The supply list consists of items we used. You are welcome to substitute any items. We wanted to keep the cost of class as low as possible so including some items you may already have made sense. We suggest checking out the items on the supply list and seeing if you have something similar that would work for you.

**Why don't club members get a club discount?**

There are only two items club members don't get their club discounts on... Sizzix Machines and Classes. Please take advantage of the Early Bird Pricing!

**What is the homework?**

We will be publishing a list of a few things you can do in advance to prepare for class. Mostly die cutting the smaller items so you will be better able to keep up during the LIVE event.
