

Quick and Easy Digital/Hybrid Scrapbook Layout  
The {Stamps} of Life  
Joy2Christmas  
by  
Vicki G-[www.summerthymestudio.blogspot.com](http://www.summerthymestudio.blogspot.com)

*Supplies:*

***Joy2Christmas Digital Stamps***

*1-12x12 Kraft Cardstock*

*1 Small piece of Patterned Paper*

*1-12x12 Red Cardstock*

*1 yard Wide Ribbon*

*2-Buttons and Linen Thread/Narrow Hemp*

*1-Felt Flower*

*Chipboard Numbers*

*Glue Dots*

*Sewing Machine and Brown Thread*

*Circle Cutting System*

1. Resize the Christmas Circle Stamp to approximately 9 inches. Print and Cut out with a Circle Cutter.
2. Resize the Tree Stamps to approximately 6". Print onto your Designer Paper and cut out. You can use small brown scraps for the Trunks.
3. Crop your Photograph to 5"x7" and place the photo onto the circle so that only one "Christmas" shows. The Buttons are covering the darker Circles
4. Tie The Wide Ribbon around the Layout making a large bow.
5. Adhere the Circle and Photograph over top of the Ribbon.
6. Using a Zig Zag Stich, stitch around the Trees, Circle and if you wish along the left hand border of the photograph.
7. Using a Straight Stitch, Stitch two curvy lines to form a snow line under the trees.
8. Cover the Chipboard letters with the same paper that you used for the Trees and adhere .
9. Thread the Buttons and adhere to the edges of the Photograph, covering the dark printed circles. Place the felt flower under the lower brown button first

Viola!!! A very quick and easy page and a way to add some life to a Department Store Photograph.
